

When Wiring Funds to DC Credit Union

In order to wire/transfer funds into your DC Credit Union's account, contact your funds' remitter to fill out a wire transfer authorization form and provide both DC Credit Union's intermediate and beneficiary information, shown below.

Mid-Atlantic Corporate Federal Credit Union is an intermediary bank that acts on behalf of the DC Credit Union. Payments will reach the intermediary bank before being credited to the beneficiary; the beneficiary is the person or entity who will receive the payment, which is the final destination for the transfer.
